Features

- Weekly Chronothermostat for surface mounting
- Power supply: two alkaline 1.5 V AAA
- Multi-function and multi-icon Touch Keys
- Changeover output contact 5 A - 250 V AC
- Temperature setting range 5 °C...37 °C
**SMART at everything - focused on Energy Saving**

- Large display LED backlight
- Touch Screen technology
- Partial or Full lock with PIN code
- Time setting to nearest 30 minutes
- Energy Saving Function 1
- Energy Saving Function 2
- Supervisor lock
- NFC programming
- 2 batteries
- Easy, intuitive guided programming
- Audible confirmation of Key action
- Recalibration of displayed temperature
- Weekly programmable
- Automatic changeover of Daylight Saving Time
- Manual Timed Override function
- Temperature setting range

**Energy-saving features**

The 1C.81 analyses the recent history of room temperature fluctuation from which it learns how to improve the way it regulates the heating system.

**ECO 1**
Reduces fluctuations in the ambient temperature, increasing comfort and decreasing energy consumption.

**ECO 2**
Automatically determines the point in time for the heating to ignite, necessary to achieve the desired temperature at the set time.

**“30 minutes” setting feature**
Achieves more precise control over room temperature through the ability to define the time/temperature profile to the nearest 30 minutes.

**“Supervisor” function**
Limits the highest and lowest temperatures that the user can set with the programmable thermostat to avoid excessive energy usage.

**NFC: Leave it to your smartphone and programming your chronothermostat is done!**

The Chronothermostat 1C.81 is available in two colours:
- White RAL 9010 code: 1C.81.9003.0107
- Metallic Anthracite code: 1C.81.9003.2107
